Mr. Bob Walter

147 Iron Point Rd
Folsom CA, 95630

Dear Mr. Walter:

I would like to thank you for participating in our Green Building Seminar on June 3, 2009. Your knowledge of your material was apparent, and your enthusiasm in sharing your knowledge contributed to the success of the event. The examples of how green building techniques can be applied to residential units encouraged attendees to explore similar practices in their designs and supported the idea that green building is feasible and appropriate in this area.

Thanks again for helping us provide information that furthers the West Sacramento City Council goal of building a Green and Sustainable community. Together we will accomplish great things.

Sincerely,

DENISE KOTKO
